Desk-mount Dual-Monitor Arm - Cross Bar - Grommet/Desk Clamp Mount - For up to 27" (17.6lb/8kg) Displays

Product ID: ARMBARDUOG

Thisdeskmount dual-monitor arm lets youmount two 13” to 27” VESA mount monitors, each weighing up to 17.6 lb. (8 kg),onto a single low-profile base. It gives you flexible desk-clamp or grommet-hole mounting, letting you save space while creating an ergonomic workspace in anyoffice environment.

With a stable dual-arm design, the double-monitor mountlets you create more usable work space by mounting your monitors side by side on a single base. The screen mount features a flat low-profileback thatlets you position your displaysagainst a wall or cubicle wall.

The computer monitor desk mount features adjustable height along the pole. The smooth +/- 30 tilt motion and +/- 30 swivel make it easy to find the optimal viewing angle. You can also rotate your display 360 for portrait or landscape viewing, and make sure your displays are perfectly aligned using the micro-adjustment knob.

The dual-monitor arm is easy to install, with the desk-clamp or grommet mount (hardware included). Integrated cable management keeps your workspace organized. It works well with most desks, including sit-stand workstations.

Adding two monitors gives you the extra screen space you need to simplify multitasking and maximize your productivity.

ARMBARDUOG is backed by a 5-yearStarTech.com warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

• Mount two monitors on a single base to save desk space

• Maximize office space, creating a dual-monitor workstation against a wall or cubicle wall

• Works with sit-stand workstations, using the desk clamp or grommet mount

Features

• Save space by mounting two monitors up to 27” onto a single base (max. weight 17.6 lb. / 8 kg)

• Landscape-to-portrait display rotation (for use in portrait position, the mount supports ultrawide displays with max width of 23"/58.4 cm)

• Work comfortably with adjustable height, +/- 30tilt, +/- 30swivel and 360 rotation

• Versatile use with desk-clamp or grommet-hole mounting

• Place monitors close to a wall/cubicle wall, with a low-profile design
