10-Pack 1U Blanking Panels, Toolless Blank Rack Panels, Rack Mount Panel for 19in Server Rack, Black

Product ID: BLANKP10

This 10-pack of 1U blanking panels can help you to improve the appearance and airflow of your EIA-310 compliant 19 in. server rack.

These blank rack panels create a clean and professional look by covering empty rack spaces and visible cables, for a more organized server room.

For fast and easy installation, these rack blanks feature a tool-less design that latches onto a standard 19 in. server rack (with square mounting holes) saving you time and hassle.

The filler panels feature a solid design that helps guide airflow down the back of your rack-mounted equipment, rather than through unused units of rack space. This helps expel any operating heat from your rack-mounted equipment, to keep it running at optimal temperatures.

Each of the blanking panels that are included with BLANKP10 is backed by a 5-year StarTech.com warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

• Fill in unused gaps between equipment in server racks and cabinets

• Help guide the airflow along the back of your rack, instead of passing between your rack-mounted equipment

Features

• Universal Design: This 10-pack of solid blanking panels helps optimize airflow while covering open spaces for a cleaner, more professional rack layout

• Professional Look: Easily conceal empty U spaces and exposed cabling to maintain a tidy, unified look across your 19-inch server cabinet

• Toolless Installation: For fast and easy installation, these filler panels feature a toolless design that latches onto a standard 19" server rack equipment, saving you time and hassle

• Reduce Thermal Buildup: Fills unused rack spaces with solid blanking panels that guide airflow through installed equipment instead of recirculating, helping exhaust heat more efficiently and maintain proper rack temperature

• The IT Pro’s Choice: Built to keep racks tidy, organized, and airflow-efficient, our rack accessories are tested for strength and long-term performance; Backed by free lifetime 24/5 multilingual technical support
