Secure Tablet Stand - Desk or Wall-Mountable - TAA

Product ID: SECTBLTPOS

This secure tablet stand lets you set up a tablet as an interactive marketing kiosk, educational tool, product display or to suit a number of other applications. It supports an Apple iPad, iPad Air or other tablets with a 9.7" screen size.

This TAA compliant product adheres to the requirements of the US Federal Trade Agreements Act (TAA), allowing government GSA Schedule purchases.

Protect your tablet from theft and tampering with this secure lockable tablet holder. Once mounted, simply slide your tablet into the enclosure and lock it in place. To power your tablet while it's secured, thread the tablet's charge cable through the bottom of the holder, then place the tablet inside the holder.

With solid steel construction, the secure tablet stand provides maximum durability, protection, and stability. It’s easy to mount to your desk, table or wall, or directly to a VESA compatible monitor mount for easy adjustability.

Imagine all the ways you could use a self-standing tablet in your organization:

• Greet clients with helpful information

• Connect customers to your own app to enhance the user experience

• Use as a point-of-sale (POS) system

The home button is covered, allowing you to direct users to specific information or apps and preventing them from navigating the tablet at their leisure.

The TAA compliant SECTBLTPOS is backed by a 5-year StarTech.com warranty and free lifetime technical support.

Certifications, Reports and Compatibility

TAA COMPLIANT

Applications

• Create a sleek POS system or interactive marketing tool

• Use your tablet for product displays

• Provide an informational tool in commercial or institutional settings

Features

• Securely mount your iPad or other 9.7" tablet

• Lock your tablet in place, perfect for point-of-sale locations

• Power your tablet easily, by threading your charge cable through the bottom of the holder

• Solid steel construction, for maximum protection and stability

• Desk, table or wall-mountable
