14-inch MacBook Pro M1 M2 M3 M4 Flip-Over Laptop Privacy Screen, Blue Light Screen Protector, Double-Sided Anti-Glare Matte or Glossy, Laptop Privacy Filter

Product ID: 14M21-PRIVACY-SCREEN

This laptop privacy screen is compatible with the M1, M2, M3 and M4 14" MacBook Pro laptops.

This privacy filter is a convenient and cost-effective solution to protect confidential data from unwanted viewers. The privacy shield darkens your MacBook's screen from the side while providing a clear viewing angle of 60 degrees (+/- 30 degrees from center) to the user.

The privacy screen protector is reversible, with a matte anti-glare side for environments prone to glare and a high-gloss side that helps retain color vibrancy. The matte side provides additional screen protection with a fingerprint and scratch resistant coating. The privacy shield has a light transmittance of 57.5% providing optimal screen brightness and enhanced levels of privacy.

The privacy filter is an exact fit design that will not interfere with top-mounted webcams, sensors, or when closing the lid. Affix the privacy screen shield using the included transparent and residue-free adhesive strips.

Reduce eye strain and improve visual comfort with this blue light reducing privacy shield. It blocks up to 51% of the blue light emitted from the display in the 380nm - 480nm wavelength range. Digital eye strain can lead to symptoms like headaches, dry eyes, and blurred vision.

Certifications, Reports and Compatibility

Applications

• Keep classified information, intellectual property or other important data out of sight

• Protect your monitor against scratches, fingerprints, & dust

• Ideal for open-plan office spaces, hot desks, finance & banking, healthcare, government/education and commercial applications

Features

• PROTECT SENSITIVE VISUAL DATA: Privacy screen blacks out a 14" MacBook Pro M1 M2 M3 M4 screen using a microlouver technology that darkens the view from the sides (+,- 30 degrees from center); Keep data private and prevent visual eavesdropping

• DESIGNED FOR 14-INCH MACBOOK PRO: Privacy shield designed to fit the M1 M2 M3 and M4 14-inch MacBook Pro display; Exact fit won't interfere with top-mounted webcams, sensors around the monitor, or when closing the lid

• REDUCE EYE STRAIN: This laptop privacy screen blocks up to 51% of blue light, which helps to reduce digital eye strain and improves visual comfort during prolonged use; Light transmittance is close to 60% for better screen readability

• REVERSIBLE FILTER: Privacy filter features an anti-glare matte side for environments prone to glare and a high-gloss side that helps retain color vibrancy; Matte side provides additional protection with a scratch and fingerprint-resistant coating

• HASSLE-FREE APPLICATION: Install the privacy screen protector on a 14" MacBook Pro computer, using the included transparent and residue-free adhesive strips; For additional adhesive strips consider MON-PRIVACY-SCREEN-K (sold separately)
