HP DesignJet T950 36-in Printer (2Y9H1A)

Overview

The world's most efficient half size to D size printing experience to boost productivity[1]

Boost productivity with the world's most efficient half size to D size experience.[1] Do it all—print multi-size CAD and renders with the integrated input/output tray. Save time with HP Click. And go beyond with this robust and compact plotter.

EFFICIENT—Save time, get through more jobs

Print it all—from renders and CAD drawings to educational posters and durable retail signage, you'll see high-quality results across print sizes with pigment-based HP Flex Tech Inks.

CONNECTED—Seamless and secure by design

Save time with HP Click—print in fewer steps and avoid printing errors with print preview.

SUSTAINABLE—Save energy[5] and minimize waste[6][7]

Advance environmental goals—printer is made with at least 35% recycled plastics[4] and supplies can be recycled[5].

---

[1] Based on test results using HP Click with the HP DesignJet T850. This solution enables printing in fewer steps compared to main competitor printing solutions. Printing a 5-page mixed job set with A1 and A3 takes 3 steps using HP Click vs. 12 steps with competitor A and 8 steps with competitor B. Testing performed by Sogeti, April 2023. Detailed test report is available upon request.

[4] HP Click App is compatible with Windows and Mac. HP Click Driver is compatible with Windows 11 only. HP Click software is only compatible with Original HP ink supplies. Applicable to PDF, JPEG, TIFF, DWF, and HP-GL/2 files.

[5] The percentage reductions in energy consumption are based on tests conducted by HP, 2024. Data based on the implementation of auto-scheduled on/off usage in various printer models, measured on a monthly basis. Actual savings may vary depending on the specific usage patterns, printer models, and environmental conditions.

[6] Declared %RCP content is based on the quantity and weight of parts made with RCP resin over the total plastic parts.

[7] Program availability varies. See https://www.hp.com/go/recycle .
