6ft (1.8m) DisplayPort to DVI Cable, DisplayPort to DVI Adapter Cable, Passive DP to DVI-D Video Converter, 1080p - Replacement for DP2DVIMM6

Product ID: DP2DVI2MM6

The DP2DVI2MM6 6 ft DisplayPort to DVI Adapter Cable lets you connect a DVI Display or Projector to a DisplayPort video card/source. Providing a connection distance of 6ft, the cable features male DVI and DisplayPort connectors, allowing you to make a direct video card-to-display connection, as opposed to having to use an adapter with a separate cable.

The DP to DVI cable is a convenient, cost-effective solution for taking full advantage of your DVI display, without the expense of upgrading to a DisplayPort monitor. The cable offers high quality construction and supports high bandwidth video resolutions up to 1920x1200 or HDTV resolutions up to 1080p.

DP2DVI2MM6 is a passive adapter that requires a DP++ port (DisplayPort++), meaning that DVI and HDMI signals can also be passed through the port. Backed by a StarTech.com 3-year warranty and free lifetime technical support.
