REC · LED WOOFER · MP3 · ECHO · REMOTE · VHF · FM

Amplified speaker with double 12” woofer and a separate tweeter for a high quality acoustic performance (1000W PMPO). The amplifier on the back of the product includes a MP3 module, bluetooth, recording button and FM radio. The remote control allows to operate from a distance. It is possible to connect both external microphones and line signals. The woofers are enriched by led RGB strips which illuminate them in every colour. Thanks to the internal battery it can be used everywhere, free from connection cables. It also includes a practical wireless microphone, useful for announcements, conferences or simply to sing.

Diffusore amplificato con doppio woofer da 12” e tweeter separato per una resa acustica di ben 1000W(PMPO). L’amplificatore, posto sul retro del prodotto, incorpora un modulo MP3, bluetooth, tasto di registrazione e radio FM. Il telecomando permette di pilotarlo a distanza. E’ possibile collegare sia microfoni esterni che segnali di linea. I woofer sono ravvivati da strisce led RGB in grado di illuminarli in ogni colore. La batteria interna permette di utilizzarlo ovunque e libero da cavi di collegamento. Non manca neppure un pratico radiomicrofono utile per annunci e comizi o semplicemente per canto.

Induction Technology

Thanks to the extraordinary induction technology, you just have to place the speaker on any surface to transform it into a speaker. Tables, glasses, furniture will become your new speakers. Thanks to the suction cup you can use it in your car as a speakerphone.

Grazie alla straordinaria tecnologia ad induzione, basterà appoggiare il diffusore su qualunque superficie per trasformarla in altoparlante. Tavoli, vetri, mobili saranno i vostri nuovi speaker. Grazie alla ventosa potrete usarlo in auto come in vivavoce.

PROFESSIONAL SPEAKER

New Generation Sound - High Quality System

Professsional amplified speaker with 12” woofer and 1,5” titanium tweeter. The D class amplifier includes, besides a mic and a line input, a particular D-CONTOUR FILTER which adjusts dinamically the level of each frequency according to the volume level of the input’s signal, enhancing tones at low volume and reducing them at high volume. The maximum power is of 800W with very good performance thanks to the high quality components of this speaker.

Diffusore amplificato professionale con woofer da 12” e tweeter da 1,5” in titanio. L’amplificatore di classe D include, oltre ad un ingresso microfonico e uno di linea, un particolare filtro D-CONTOUR che corregge in modo dinamico il livello di ogni frequenza in relazione al livello di volume del segnale in ingresso esaltando le tonalità a volume basso e riducendole a volume alto. La potenza massima è di 800W con ottima resa acustica garantita dai componenti di alta qualità impiegati.

A practical combination designed for musicians and artists in general who often work in itinerant situations. It includes 2 aluminium tripod stands adjustable in height from 1.25m to 1.85m and with a maximum load of 60 Kg each. Even big speakers can be easily mounted on its standard 35mm diameter tubes. A practical bag allows you to house the folded stands for easy carriage.

Una pratica combinazione studiata per musicisti ed artisti in generale che operano spesso in situazioni itineranti. Include 2 supporti a treppiede regolabili in altezza da 1,25mt a 1,85mt, realizzati in alluminio e con un carico massimo di 60 Kg cad. Diffusori anche di grosse dimensioni potranno essere agevolmente fissati sui supporti che presentano tubi standard da 35mm. Una pratica borsa permette di alloggiare i supporti ripiegati per un comodo trasporto.

AMP SERIES

Professional Amplifiers

Stereo professional amplifier with both balanced and unbalanced inputs. It includes Speakon outputs for quick and safe connections of passive speakers at 4/8 Ω. It can produce up to 400W per channel. On the front panel, besides the volume controls, you can find some leds indicating correct operation or overload status. Powerful and reliable, it can be mounted in a standard 19" rack. The back panel comes with input and output connectors, but also limiter, ground and mode selectors, which are to be set during installation.

Amplificatori stereo professionali con ingressi sia bilanciati che sbilanciati e uscite anche tramite Speakon per il collegamento rapido e sicuro di diffusori passivi a a 4/8 Ω. Sono in grado di erogare fino a 1200W per canale. Sul pannello frontale, oltre ai comandi di volume, sono presenti alcuni led in grado di segnalare il corretto stato di funzionamento o blocchi dovuti a sovraccarichi. Potenti ed affidabili, pssono essere installati in un rack standard 19". Il pannelli posteriori riportano i connettori in ingresso ed uscita ma anche i selettori limiter, ground e di modalità che vanno settati in fase di installazione.

AMP D300
DIGITAL AMPLIFIER
AMPLIFICATORE DIGITALE

€ 509,00

This high quality digital stereo amplifier can operate in stereo mode, as well as in parallel or bridge connection. It is lightweight and compact, but it can develop a maximum power of about 300W per channel. It can be rack mounted in 1U space.

Ottimo amplificatore stereo in grado di operare sia in modalità stereo che in parallelo o in bridge. Di tipo digitale, è leggero e compatto ma in grado di sviluppare una potenza massima di circa 300W per canale. Può essere inserito a rack con un ingombro di 1U.

AMP D500
DIGITAL AMPLIFIER
AMPLIFICATORE DIGITALE

€ 539,00

Thanks to its XLR/ jack input connectors and to its output Speakon connectors / red-black terminals, it can be easily installed in each stereo system. It develops a maximum power of 500W at 8 Ω per channel.

I connettori XLR e jack in ingresso e Speakon o morsetti in uscita, lo rendono facilmente installabile in ogni impianto stereo. Sviluppa una potenza massima di 500W a 8 Ω per ogni canale.

AMP D700
DIGITAL AMPLIFIER
AMPLIFICATORE DIGITALE

€ 569,00

Powerful despite the small dimensions. The digital amplification circuit develops a power of 700W per channel. Reliable and with high amplification quality without distorsions.

Potente malgrado le piccole dimensioni. Il circuito di amplificazione digitale sviluppa una potenza di ben 700W per canale. Affidabile e con una qualità di amplificazione priva di distorsioni.

AMPLIFICATORE PROGRAMMABILE

€ 696,00

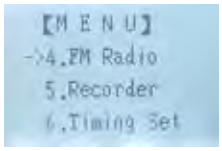

Sophisticated amplifier with FM radio, MP3 player, siren button and multi-function display. An internal microcomputer allows to manage the scheduling of tracks, jingles, FM radio and messages. It has 6 outputs for as many zones, 3 microphone inputs (one with priority) and 2 line inputs.
It is possible to create 4 groups of programs (with 120 customized programs each). For each program you can specify start time, end time, active zones, tracks, jingles and radio.
The audio of the microphones and of the line signals can be recorded in a file. It has a 4GB internal memory but you can also use a common USB stick to play WAV and MP3 .

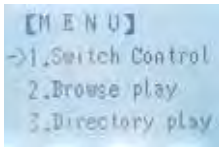

Sofisticato amplificatore con radio FM, lettore MP3, tasto sirena e display multifunzione. Un microcomputer interno è in grado di gestire la programmazione di brani, jingles, radio FM e messaggi. Dispone di 6 uscite per altrettante zone, 3 ingressi microfonici (di cui uno con priority) e 2 ingressi di linea. Sono possibili 4 gruppi di programmazioni ognuno con 120 singoli programmi. Per ogni programma si potrà specificare ora di inizio, ora di fine, zone attive, brani, jingles da riprodurre ed eventuale riproduzione di radio in attesa che scada il tempo.
E' possibile registrare in un file l'audio dei microfoni e dei segnali line. Possiede una memoria interna da 4GB ma è possibile inserire una comune chiavetta USB per riprodurre brani WAV e MP3.

FEATURES

Powerful multifunction amplifier with matrix selector to manage 6 zones independently. It is endowed with 1 microphone input with siren and priority function, 2 combined mic-phantom-line sockets and 4 sockets for line type signals. It is suitable both for 8 ohm and 70-100V connections. Independent control of high and low tones on channels 1-4 .Each zone can also reproduce separate sources. A Mp3 module can play files from USB and SD.

Potente amplificatore multifunzionale con selettore a matrice in grado di gestire indipendentemente 6 zone. Dispone di 1 ingresso microfonico con sirena e funzione priority, 2 prese combinate mic-phantom-line e 4 prese per segnali di tipo line. Gestisce connessioni 8 ohm e 70-100V. Controllo indipendente dei toni alti e bassi sui canali 1-4 Ogni zona può anche riprodurre sorgenti separate. Un modulo Mp3 è in grado di gestire file da USB e SD. Possiede un tuner per radio FM.

• Weight	8,1 Kg

PA amplifier suitable for standard 19“ rack mounting (2U size). It produces a maximum power of 180W, available both on 4-16 Ohm output, and in constant voltage 70-100V, divided into 5 zones each with independent volume. 2 auxiliary and 3 microphone inputs can satisfy almost any necessity. Mp3 module via USB, FM radio and bluetooth receiver make this amplifier particularly versatile.

Amplificatore PA applicabile a rack standard 19” con ingombro 2U. Il finale eroga una potenza massima di 180W disponibili sia su uscita 4-16 Ohm, sia in tensione costante 70-100V suddivisi in 5 zone ognuno con volume indipendente. 2 ingressi ausiliari e 3 microfonici sono in grado di soddisfare la maggior parte delle esigenze. Modulo Mp3 tramite USB, radio FM e ricevente bluetooth rendono versatile questo amplificatore.

• Dimensions	483 x 133 x 350 mm
• Weight	25 Kg

It is endowed with 4 inputs, with the possibility to choose between microphone, line and microphone with 48V phantom power. On each of the 4 independent zones you can adjust both volume and bass/ trebles’ level.Telephone paging, siren & chime functions available. It manages output impedances both at 4/8 Ω, both at constant voltage (25, 70, 100V.) Very useful for professional use in hotels, supermarkets, hospitals, it can be also mounted on a 19” rack.

Dispone di 4 ingressi commutabili tra microfono, linea e microfono con alimentazione phantom 48V. Quattro zone indipendenti possono essere regolate sia in volume che in livello di tonalita alte e basse. Funzione telephone paging, avviso tipo sirena e fischietto. Gestisce impedenze in uscita sia a 4/8 Ω sia in tensione costante 25, 70, 100V. Utilissimo per applicazioni professionali in hotel, supermercati, ospedali, è installabile anche a rack 19”

Designed to meet every need in the field of PA system, it is an amplifier with 6 inputs and 4 outputs with matrix system that allows to manage independently each output by assigning one or more signals. This means you can send one or more input signals to one or more output zones. Each channel has a power of 120W with independent gain adjustment, bass and treble and volume.

Progettato per soddisfare ogni esigenza in ambito PA system, è un amplificatore a 6 ingressi e 4 uscite con sistema a matrice che consente di gestire indipendentemente ogni uscita assegnando uno o più segnali. In pratica si potrà inviare uno o più segnali in ingresso a una o più zone in uscita. Ogni canale dispone di 120W con regolazione di guadagno, toni alti e bassi e volume indipendente.

AMPLIFICATORE 90W

€ 590,00

FEATURES

• Max Power	90W
• Line inputs	4
• Mic Inputs	3
• Phantom power	Yes
• Dimensions	230 x 260 x 90 mm
• Weight	4,8 Kg

Suitable for any situation, this small amplifier can handle up to 6 input signals (MP3, 1 line, 3 line / mic and 1 tel). Three microphone channels support phantom power. The amplifier manages 8/16 Ohm and 70 / 100V connections with both AC110 / 240V and 24V DC power supply for use on mobile vehicles. REC and monitor sockets are available on the output, the latter with adjustable volume. It even incorporates a bluetooth receiver to play music from smartphones.

Adatto ad ogni situazione, questo piccolo amplificatore è in grado di gestire fino a 6 segnali in ingresso (MP3, 1 line, 3 line/mic e 1 tel). Tre canali microfonici supportano alimentazione phantom. L'amplificatore gestisce connessioni 8/16 Ohm e 70/100V con alimentazione sia AC110/240V che DC 24V per l'utilizzo su mezzi mobili. In uscita sono presenti prese REC e monitor, quest'ultima con volume regolabile. Incorpora persino un ricevitore bluetooth per la riproduzione di musica da smartphone.

FEATURES

• Max Power	60W
• Line inputs	3
• Mic Inputs	2
• Phantom power	Yes
• Dimensions	320 x 75 x 190 mm
• Weight	4,4 Kg

This is amplifier designed for shops, gyms and small businesses. It has a maximum power of 60W and is ideal for installations with 4/8 Ω speakers, but especially at 70 / 100V constant voltage. On the front panel there are separate volumes for the 3 available inputs, bass and trebles controls, master control and the keys for echo function, as well as siren and chime effect (useful in case of emergency). It also includes a radio module.

Ottimo amplificatore progettato per negozi, palestre e piccole attività commerciali, dispone di una potenza massima di 60W ideale per impianti di filodiffusione con altoparlanti a 4/8 Ω ma soprattutto a 70/100V in tensione costante. Sul pannello frontale troviamo i volumi separati per i 3 ingressi disponibili, i regolatori di tonalità alte e basse, il comando master e i tasti per l'inserimento dell'effetto sirena e fischietto, utili in caso di emergenza. Il tasto echo abilita questa funzione.

Operating both at standard impedances and at constant voltage. The front panel comes with all the controls for the appropriate adjustment of treble, mid and bass, as well as volume controls for 2 microphones and a line signal. It is possible to assign to the first microphone the "voice priority" function, which automatically reduces volumes to give priority to announcements.

Operante sia impedenze standard che a tensione costante. Presenta sul pannello frontale, i comandi per l'opportuna regolazione dei toni alti, medi e bassi oltre che i comandi di volume per 2 microfoni ed un segnale di linea. Al primo microfono è assegnabile la funzione "Voice priority" che attenua automaticamente i volumi per dare priorità ad annunci.

4 ZONE MIXER WITH MP3 & PHANTOM

MIXER 4 ZONE MP3 E PHANTOM

€ 499,00

It can be rack-mounted in 1U space and it comes with 4 inputs via XLR or 6,3 mm Jack for connection of mic or line signals. The mic input n. 1 is endowed with priority function. It also includes a MP3 module to play tracks from SD/USB and a AM/FM tuner. Unique of its kind thanks to its 4 independent outputs where to send, with matrix system, the input signals. Possibility to check the inputs through headphone. It supports phantom power.

Inseribile a rack con ingombro 1U, gestisce 4 ingressi tramite XLR o Jack 6,3mm per il collegamneto di segnnali microfonici o di linea. L'ingresso microfonico 1 dispone di funzione priority. E' presente un modulo MP3 per la riproduzione di brani da SD/USB. Incorpora anche un tuner AM/FM. Unico nel suo genere dispone di 4 uscite indipendenti alle quali inviare a matrice, i segnali in ingresso. Possibilità di monitorare in cuffia i vari ingressi. Supporta alimentazione phantom.

FEATURES

• Channels	5
• Input	Mic (3) - Line (2)
• Connectors	XLR / Jack 6,3mm / RCA
• CUE	Yes

100 Volt

5"

FEATURES

• Max Power	10 / 20W
• Woofer / Tweeter	5" / 1"
• Tension	100V
• Mounting hole	168 mm diameter
• Dimensions	203 x 203 x 100 mm
• Weight	0,97 Kg

Two-way ceiling speaker with a particular back cover, protecting it from dust or foreign bodies and offering an excellent sound amplification, thanks to the resonance effect. The internal transformer allows to use it in 100V systems, with a power of 60W. It is endowed with spring terminals for fast connection of the wires. It mounts a 6,5" woofer and 1" tweeter.

Diffusore da incasso a due vie con copertura posteriore a protezione da polvere o corpi estranei, ma anche per amplificare il suono grazie all'effetto di risonanza. Il trasformatore interno consente di utilizzarla in impianti 100V con una potenza di ben 60W. Dispone di connettori a molla per l'aggancio rapido dei fili.
Il woofer è da 6,5" con tweeter da 1"

The BS series comes with an adjustable bracket for wall or ceiling mounting. The back panel is endowed with power selector and terminals for connection cables.

La serie BS dispone di staffa regolabile per il posizionamento dei diffusori a parete o soffitto. Sul retro è presente il selettore di potenza e i morsetti per i cavi di collegamento.

160W

BS 88

70/100V 160W SPEAKER

DIFFUSORE 70/100V - 160W

€ 299,00

Professional high-power speaker intended for large audio systems. It can operate at a constant voltage of 70V or 100V and thanks to its extraordinary power (160W) it is able to satisfy any amplification necessity, without renouncing the advantages of 100V systems. It is equipped with a bracket for quick wall mounting.

Diffusore professionale di alta potenza destinata a impianti di grandi dimensioni. Opera in impianti a tensione costante 70V o 100V e grazie alla straordinaria potenza (160W) è in grado di soddisfare qualunque esigenza di amplificazione pur non rinunciando al vantaggio degli impianti a 100V. E' dotato di staffa per il rapido posizionamento a parete.

BS 460B

60W CEILING SPEAKER

DIFFUSORE DA INCASSO - 60W

€ 120,00

High quality two-way ceiling speaker for the best result both in music and speech reproduction. It includes a 4“ woofer and a 1” tweeter managed by a crossover. It works at 8 Ohms with magnetic grill. The rear cap, besides protecting from dust, enhances the performance of this excellent speaker, producing the bass reflex effect. The grill is magnetically fixed, so that the edge is almost invisible. The connectors are hidden by a cover.

Diffusore da incasso a due vie di alta qualità per la massima resa sia nella riproduzione di musica che parlato. Incorpora un woofer da 4” e un tweeter 1” controllati da crossover. Funziona ad 8 Ohm con griglia magnetica. La calotta posteriore, oltre a proteggere da polvere, esalta le prestazioni di questo ottimo diffusore, consentendo di ottenere l’effetto bass reflex. La griglia è fissata magneticamente con bordo praticamente invisibile. I connettori sono celati da un coperchio.

FEATURES

• Max Power	60W
• Woofer / Tweeter	4” / 1”
• Impedance	8Ω
• Mounting hole	165 mm diameter
• Dimensions	188 x 188 x 160 mm

This solid and practical megaphone is ideal for sport events, tourist guides, emergency and rescue operators.
It is made in anti shock material and is endowed with external rubber protection. It mounts a 25W powerful amplifier.
It is powered by 8 “C” type batteries giving an average autonomy of 5 hours. Volume can be adjusted through a specific control, allowing an audible range of around 600 mts in normal conditions.
The siren and the whistle are further useful instruments to catch the listener’s attention.

Robusto e maneggevole, ideato per operatori dello sport, guide turistiche, addetti ad operazione di emergenza o di soccorso. E' costruito in materiale antiurto e dispone di protezione sulla tromba esponenziale. Monta un potente amplificatore da 25 Watt. Le batterie contenute nel corpo del megafono garantiscono il funzionamento per circa 5 ore. Il volume regolabile con apposito comando consente propagazione fonica fino a 600 metri in normali condizioni ambientali. La sirena ed il fischietto inseribili a piacere rendono questo articolo indispensabile strumento per chi deve farsi ascoltare.
Impiega 8 batterie “C” (mezzatorcia).

The ideal megaphone both for advertising porpuses and for all situations when you need to repeat the same announcement. Besides the traditional use, it is endowed with record function to save a message lasting up to 10 seconds. Once the message is recorded (simply by pressing a button) you have the possibility to reproduce it continuously. It is equipped with siren and whistle to catch attention or for use in emergency/ danger situations. It includes a 12V socket for external powering. A shoulder strap allows to carry it easily and use at the same time its microphone with spyral cable.

Il megafono ideale per scopi pubblicitari o per per tutte quelle situazioni dove occorra ripetere in continuazione lo stesso messaggio. Oltre all'utilizzo classico, dispone infatti di funzione Record per memorizzare un messaggio lungo fino a 10 secondi. Una volta registrato il messaggio(tramite le semplice pressione di un tasto), avrete la possibilità di riprodurlo in continuazione. Dotato di sirena e fischietto per richiamare l'attenzione o per utilizzi in situazione di emergenza o pericolo. Dispone di presa 12V per alimentazione esterna. Una cinghia permette di indossarlo anche a tracollo utilizzando il microfono munito di cavo spiralato.

RADIOMICROFONO UHF AD ARCHETTO A BATTERIA

€ 266,00

Ideato per essere utilizzato ovunque grazie all'alimentazione a batteria che lo svincola da cavi di qualsiasi genere. Il prodotto è formato dalla piccola ricevente e da un microfono palmare o ad archetto che possono essere impiegati con mixer, diffusori amplificati, etc.

Conceived to be used everywhere, free from any kind of cable, thanks to its battery powering. The product is composed of a small receiver and a handheld or headset microphone, which can be used with mixers, amplified speakers etc.

SET 175

BATTERY WIRELESS MICROPHONE

RADIOMICROFONO A BATTERIA

€ 58,00

UHF

29 CH

• Frequency	UHF
• Channels	29
• Range	25 mt
• Connectors	Jack 6,3mm
• Mic dimensions	175 x 38 x 38 mm
• Receiver dimensions	77 x 45 x 18 mm
• Weight	120 gr (microphone)
• Power Supply TX	1 x AA

It is composed of a handmic and receiver powered directly by an ordinary USB socket. The receiver can be connected, through a cable, to the microphone port, and is ready in a few seconds. You can change channel by pressing a button. It can be used on amplified speakers, mixers and any device with a mic socket.

E' composto da un microfono palmare e da una ricevente alimentata direttamente da una comune presa USB. La ricevente tramite un semplice cavetto si collega alla porta microfonica ed è pronto in pochi secondi. In caso di interferenze sarà sufficiente cambiare canale premendo un tasto.

MC 9000
ADDITIONAL RECEIVER
RICEVITORE AGGIUNTIVO

€ 102,00

The receiver includes the socket for mono earphone and line output, the selector of channel 1,2 or 3.

Il ricevitore possiede, oltre alla presa per cuffia e uscita di linea, il selettore del canale 1,2 o 3.

Compact and complete, this device can work both as a transmitter and as a receiver and communicate with infinite units of the same model. It can be used for guided tours, in the field of security (bouncers and bodyguards), as intercom between motorcycles or for a thousand of other porpuses. By adding the optional microphone MG 99 it can also be employed as a transmitter. To use it as a receiver just connect ordinary headphones or earphones (without microphone). It includes a rechargeable lithium battery (usb rechrger included) that gives a long operation automomy (more than 10 hours). You can keep it in your pocket or fasten it to your belt thanks to the included clip. A Oled type display shows operating status and allows to set the device on one of the 100 available channels.

Compatta ed completa, questo apparecchio può fungere sia da trasmittente che da ricevente e comunicare con infinite unità dello stesso modello. Gli impieghi vanno dalle visite guidate all'utilizzo nel campo della sicurezza(buttafuori e guardie del corpo) fino all'uso come intercom tra moto o in mille altri utilizzi. Inserendo il microfono opzionale MG 99 verrà utilizzata anche come trasmittente. Per l'impiego come ricevente, sarà sufficiente collegare delle normali cuffie o auricolari(non provviste di microfono). Incorpora una batteria al litio ricaricabile(tramite caricatore usb in dotazione) che conferisce una lunga autonomia d'impiego (oltre 10 ore). Si può comodamente tenere in tasca o applicare a cintura grazie alla clip in dotazione. Un display di tipo Oled mostra lo stato di fuzionamento e permette di settare l'apparecchio su uno dei 100 canali disponibili.

• Connectors	• Jack 3,5 mm
• Battery	• 1 x “AA”
• Impedance	• 1 / 2,3 KΩ
• Freq. Resp.	• 100Hz-16KHz
• Cable	• 5 mt

Suitable for theatres, schools, conference halls, but also mountable on cameras thanks to the included stand. It can perceive sounds at a distance thanks to the “condenser” microphone capsule powered by a 1,5V battery (included). It is equipped with two microphones: the first one on the extremity, ultradirectional, operates in a range of 15°; the second one is instead a widerange microphone.

Utilizzabile in teatri, scuole , sale conferenze ma anche montato su videocamere grazie al supporto in dotazione. In grado di captare suoni a distanza grazie alla capsula microfonica “a condensatore” alimentata da una batteria 1,5V(inclusa). Sono presenti 2 microfoni(selezionabili): il primo posizionato in punta, ultradirezionale, opera in un raggio di circa 15°, il secondo opera invece ad ampio raggio.

Potente ed affidabile può illuminare facilmente anghe grandi superfici grazie ai 36 led da 15W che conferiscono una straordinaria potenza. Ogni led è grado di illuminarsi in 6 differenti colori (RGBWA+UV). La funzione UV è particolarmente apprezzata negli utilizzi su piste da ballo evitando l'impiego di ulteriori apparecchiature. E' dimmerabile e gestisce funzione strobo (1-10 f/s). Display e interfaccia DMX per il rapido settaggio ed impiego.

This powerful and reliable moving head can easily cover big surfaces thanks to the 36 x 15W leds that produce a very bright beam. Each led can light up in 6 different colours (RGBWA+UV). The UV function is particulary appreciated for dancing floors. It also includes dimming and strobo function (1-10 f/s). Display and DMX interface for quick setting and use.

LASER 880RGB

TWINKLING LASER

LASER TWINKLING RGB

€ 999,00

FEATURES

• Laser	880mW RGB
• Mode	Auto / Sound / DMX / ILDA
• Dimensions	1370 x 130 x 320 mm
• Weight	4,2 Kg

A powerful full colour RGB laser projector with a total power of 880mW created by 3 diodes: green (80mW 532nm), red (300mW 638nm) and blue (500mW 450nm). It can operate in each mode: both in auto and sound-activation; both with built-in programs and by reading the files saved on a SD card. It can also be connected to a PC (via optional interface) thanks to its ILDA IN/OUT port.

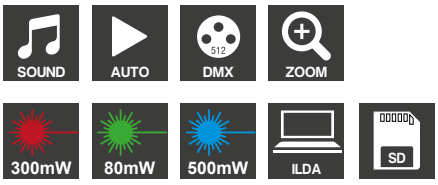

Un potente proiettore laser full color RGB con una potenza totale di ben 880mW generata da 3 diodi: verde(80mW 532nm), rosso(300mW 638nm) e blu(500mW 450nm). Può operare in ogni modalità: sia in automatico che a tempo di musica; sia con programmi prememorizzati che leggendo i files memorizzati su una scheda SD. Può persino essere collegato ad un computer (tramite interfaccia opzionale) grazie alla porta ILDA IN/OUTdi cui è fornito.

• Weight	5 Kg

540mW

SOUND AUTO DMX 400mW 50mW

It can operate in auto and sound-activated mode or synchronized with other lasers of the same model thanks to the master slave function. It includes a green (532nm - 60mw) and a blue laser diode (450nm - 480mW), both very bright. Thanks to the adjustable bracket it can be also mounted on stands, while the XLR sockets and its built-in 7-channel DMX module allow to connect it to professional installations and to operate at a distance.

Opera in automatico, a tempo di musica o sincronizzato con altri laser dello stesso modello grazie alla funzione master/slave. Il laser verde(532nm), molto luminoso, è da 60mw mentre il diodo laser blu(450nm) produce un raggio da ben 540mW. La staffa regolabile consente il posizionamento anche su tralicci mentre le prese XLR e il modulo DMX integrato a 7 canali permette di collegarlo ad impianti professionali e di comandarlo a distanza.

LASER 100X

RED LASER

LASER ROSSO

€ 159,00

Laser rosso con diodo da 100mW ed interfaccia DMX per il collegamento ad impianti professionali. E' in grado di riprodurre fino a 25 figure proiettate in automatico, seguendo il ritmo musicale o controllate singolarmente tramite centralina DMX.

Red laser with 100mW diode and DMX interface for connection to professional systems. It can create up to 25 figures in auto, sound-activated mode or individually controlled through a DMX device.

BUBBLE 90

BUBBLE MACHINE

GENERATORE BOLLE DI SAPONE

€ 44,00

The package includes a machine producing soap bubbles and two bottles of special fluid. It is ready to use: just insert 8 AA batteries (not included) into the battery compartment and then the liquid in the front tray. A key allows you to start and stop the machine at will. The double wheel ensures a constant flow of bubbles of average diameter.

La confezione include sia la macchina per produrre bolle di sapone che due flaconi di apposito liquido per poterla utilizzare immediatamente. Sarà sufficiente inserire 8 batterie stilo (AA, non incluse) nell'apposito vano e quindi il liquido nella vaschetta frontale. Un tasto permette di avviare ed arrestare la macchina a piacimento. La doppia ruota assicura un flusso costante di bolle di diametro medio.

FEATURES

• Power Supply	8 x AA battery
• Tank	200 ml
• Dimensions	245 x 150 x 120 mm
• Weight	568 gr

Of small size and with a nice look, this bubble machine, powered by 4 AA batteries (not included) allows you to create thousands of bubbles in a few instants. By pressing the on/off button you can start the fan and the wheel plunging into the front tray will produce an extraordinary effect in every situation. A bottle of fluid is included in the package. Thanks to its light weight it can be carried and used everywhere.

Di piccole dimensioni e dall'aspetto simpatico, questa macchina per le bolle, alimentata da 4 batterie stilo(non incluse) permette di creare in pochi istanti migliaia di bolle. Un apposito tasto permette di avviare la ventola e la ruota che immergendosi nella vaschetta frontale permetterà di ottenere un effetto straordinario in ogni situazione. Un flacone di liquido è presente nella confezione. Le piccole dimensioni la rendono portatile e utilizzabile ovunque.

WATER FOG1200

PROFESSIONAL FOG MACHINE

GENERATORE DI NEBBIA PROFESSIONALE

€ 1590,00

FEATURES

• Tank	3 Lt
• Warm up time:	4 min
• Remote control:	wireless
• DMX Channels	2
• Dimensions	450 x 250 x 220 mm
• Weight	15 kg

1200W

Professional machine for fog generation. It employs ultrasound technology along with a particular cooling circuit. This allows to obtain a huge amount of low smoke that simulates the swamp effect.

Macchina professionale per la generazione di nebbia. Sfrutta la tecnologia ad ultrasuoni unitamente ad un particolare circuito di raffreddamento. Ciò permette di ottenere una enorme quantità di fumo basso che simula l'effetto palude.

HAZER 700

HAZER MACHINE

HAZER MACHINE

€ 599,00

FEATURES

• Tank	1,2 lt
• Warm up time	2 min
• Remote control	Timer
• DMX Channels	1
• Dimensions	370 x 210 x 170 mm
• Weight	5 Kg

570W

This hazer machine can produce a light smoke quickly dissolving around. The smoke is visible just enough to enhance the beams of light effects. Low consumption and high performances (700W absorption).

Hazer machine in grado di produrre un leggero fumo dissolto nell'ambiente circostante. Il fumo risulterà appena visibile ma sufficiente a far risaltare i raggi luminosi degli effetti luce. Dal consumo ridotto e dalle ottime prestazioni, presenta un assorbimento di 700W.

BUBBLE PR02

BUBBLE MACHINE

GENERATORE BOLLE DI SAPONE

€ 239,00

Professional machine to create thousands of bubbles in a few instants. You just have to add the specific fluid into the 2,5 lt tank and turn on the fixture.

Macchina professionale per la creazione di migliaia di bolle in pochi istanti. E' sufficiente aggiungere l'apposito liquido nella vaschetta da 2,5lt ed accendere l'apparecchio.

TWO SPEEDS
Doppia velocità

EMPTYING VALVE
Valvola di svuotamento

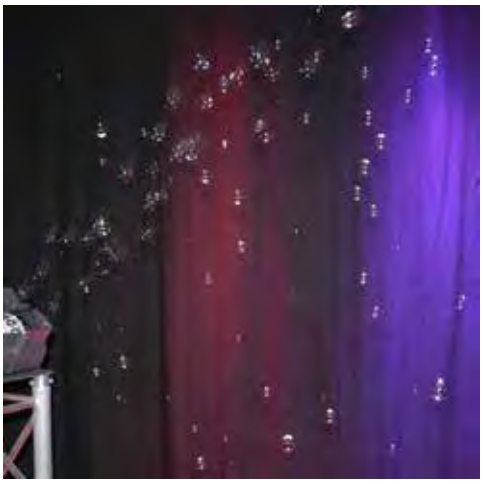

FEATURES

• Tank	2,5 lt
• Warm up time:	Ready for use
• Remote control:	Wireless
• Dimensions	620 x 480 x 540 mm
• Weight	12 Kg

Highlights

• PROFESSIONAL BUBBLE MACHINE
• DOUBLE BUBBLE WHEELS
• DOUBLE FANS
• WIRELESS REMOTE CONTROL
• EASY TO TRANSPORT
• PLUG AND PLAY
• BIG TANK FOR LONG AUTONOMY

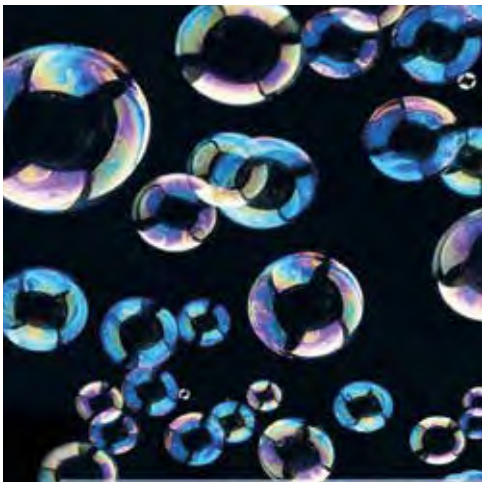

BUBBLE 110

BUBBLE MACHINE

GENERATORE BOLLE DI SAPONE

€ 68,00

Small but performant, it can produce hundreds of bubbles in few seconds. Very easy to use: just fill the front tank with the specific fluid and turn on the machine. The specific wheel, thanks to the air flow generated by the internal fan, will create a lot of soap bubbles.

Piccola ma efficace, produce centinaia di bolle in pochi secondi. Semplicissima da usare: basta riempire la vaschetta frontale con l'apposito liquido e accendere la macchina. La ruota frontale creerà una miriade di bolle di sapone.

FEATURES

• Power Supply	220V
• Tank	750 ml
• Dimensions	230 x 215 x 190 mm
• Weight	3 Kg

SNOW 1201

SNOW MACHINE

MACCHINA DELLA NEVE

€ 269,00

FEATURES

• Power	1200W
• Tank	5 Lt
• Snow volume	160 m3/min
• Liquid consumption	92 ml/min
• Dimensions	475 x 190 x 300 mm
• Weight	7,4 Kg

Snow machine suitable to reproduce an extraordinary snow effect, obtaining a very light foam that will dissolve on the ground. If used outdoor the snowlike flakes, thanks to the wind, will appear very similar to a true snowfall and will cover a wide area.

Snow machine in grado di ricreare uno straordinario effetto neve, ottenuto grazie ad una leggerissima schiuma che si dissolve dopo aver toccato il terreno. In sospensione, essa risulta simile a fiocchi di neve. Se utilizzata all'aperto i fiocchi, trasportati dal vento, appariranno ancora più simili ad una vera nevicata e copriranno una zona ancora più ampia.

PARFUM
FRAGRANCES FOR SMOKE MACHINE
ESSENZE PER SMOKE MACHINE

€ 8,00

Small bottles of concentrated fragrances to be diluted n fog or smoke fluid. They will give to smoke a pleasant scent. They don't stain and they don't alter the color of smoke. The fragrances available are 10: orange, musk, flowers, tuttifrutti, apple, red energy, passion fruit, mint, coconut and banana. By ordering 10pcs you will receive a complete package with all the 10 fragrances; by ordering a smaller quantity the fragrances will be sent random.

Si tratta di un flaconcino di aroma concentrato da diluire in un fustino di liquido per fumo o nebbia. Donerà al fumo un aroma gradevole e spettacolare allo stesso tempo. Non macchia, non altera il colore del fumo. Le fragranze disponibili sono 10: arancia, muschio, fiori, tutti frutti, mela, red energy, frutto della passione, menta, cocco e banana. Acquistando 10pz verranno inviati tutti diversi uno dall'altro, ordinandone da 4pz a 9pz saranno inviate fragranze casuali.

• Weight	1,8 Kg

C 512M USB

DMX CONTROLLER

CENTRALINA DMX

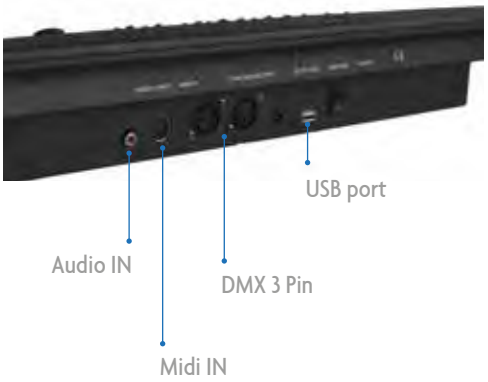

€ 299,00

Una delle più versatili centraline DMX. Include tutte le principali funzioni richieste per realizzare impianti professionali. Inoltre ha la possibilità di memorizzre le programmazioni direttamente su supporto USB. Dispone di ruote dedicate ai movimenti pan e tilt. La bordatura gommata la rende resistente agli urti.

One of the most versatile DMX control units. It includes all the main functions required to create professional systems. It has moreover the possibility to save the programs directly on USB. It is endowed with knobs for pan and tilt movements. The rubber edging makes it resistant to any impact.

FEATURES

• DMX Channels	192
• Bank	30
• Scanner	12
• Chase	6 (240 step)
• Scene	8
• Dimensions	527 x 192 x 87 mm
• Weight	2,65 Kg

Highlights

• SAVE AND LOAD FROM USB
• EMERGENCY IC MEMORY
• 3 PIN DMX CONNECTORS
• BLACKOUT MASTER BUTTON
• AUDIO INPUT
• MIDI IN CONNECTOR
• EXTERNAL DC ADAPTOR
• 8 AND 16 CHANNEL MODE
• DOUBLE WHEELS FOR PAN AND TILT

DMX 384LX

384CH DMX CONTROLLER

CENTRALINA DMX 384CH

€ 319,00

Ottimo apparecchio realizzato per controllare a distanza, tramite standard DMX-512, fino a 12 scanner da 32 canali. Semplice da utilizzare e rapida nei settaggi è suggerita per utilizzi professionali e semi professionali. Dispone di 8 tasti per la selezione diretta di altrettante scene.

Very good device to control at a distance, via DMX-512 standars, up to 12 x 32 channel scanners. Very easy to use and quick in settings it is suggested for professional and semi-professional appliances. It is endowed with 8 buttons for direct selection of scenes.

FEATURES

• DMX Channels	384
• Bank	30
• Scanner	12
• Chase	6 (240 step)
• Scene	8
• Dimensions	483 x 73 x 132 mm
• Weight	3,6 Kg

Transmit audio signal from TV to 2 headphones or soundbar
Trasmette l'audio dalla TV a 2 cuffie o soundbar

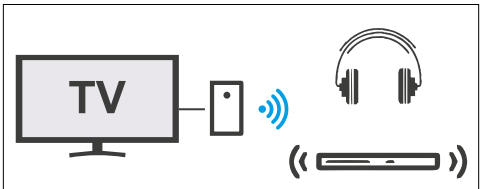

Audio and Power cables included
Cavi audio e alimentazione inclusi

New generation bluetooth transmitter, which can be connected to an audio source through 3,5mm Jack and transmit the signal to 2 headphones or bluetooth receivers. It includes a rechargeable battery and can be powered from a common USB socket thanks to the included cable.

Trasmettitore bluetooth di nuova generazione in grado di collegarsi ad una sorgente audio tramite Jack 3,5mm e trasmettere il segnale a 2 cuffie o riceventi bluetooth. Incorpora una batteria ricaricabile e può essere alimentato anche da una comune presa USB grazie al cavo in dotazione.

BLT T1B
BLUETOOTH TRANSMITTER
TRASMITTENTE BLUETOOTH

€ 26,90

Transmit audio from TV to headphone or soundbar
Trasmette l'audio dalla TV a cuffia o soundbar

This small bluetooth transmitter can send an audio signal from TV to bluetooth headphone or a soundbar, but it can be also connected to a mixer's output or to any audio source. It is endowed with a 3,5mm stereo jack and with a rechargeable lithium battery to be used without connection cables. It can be recharged via the included USB cable, which can be connected to the TV's USB socket to keep the transmitter powered.

Piccolo trasmettitore bluetooth che consente di inviare il segnale audio da TV a cuffia bluetooth o a soundbar ma è collegabile anche all'uscita di un mixer o di una qualsiasi sorgente sonora. Dispone di un jack 3,5mm stereo e di una batteria ricaricabile al litio per l'utilizzo senza cavi di collegamento. E' ricaricabile tramite cavo USB in dotazione che può essere connesso alla presa USB della TV per mantenere alimentato il trasmettitore.

BLT R1B

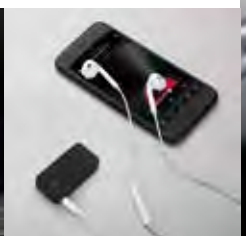

DUAL BLUETOOTH RECEIVER

RICEVENTE BLUETOOTH

€ 17,00

Practical, easy to use and very compact, this bluetooth receiver can be connected to amplified speakers, stereo systems or car radios to receive audio froma a tablet, a smartphone or a notebook. The range is of around 10 mt. It includes a lithium battery rechargeable via USB cable (included). It takes about 2 hours to complete recharge, giving an autonomy of around 5,5 hours and up to 70 hours with standby. The cable ends with a standard 3,5 mm stereo connector.

Semplice, pratico ed estremamente compatto, questo ricevitore bluetooth può essere collegato a diffusori amplificati, impianti stereo o autoradio per ricevere l'audio proveniente da un tablet, smartphone o notebook. Il raggio di azione è di circa 10mt. Incorpora una batteria al litio ricaricabile tramite cavo USB(incluso). La ricarica totale avviene in circa 2 ore e garantisce una autonomia di circa 5,5 ore con standby fino a 70 ore. Il cavo termina con connettore standard 3,5mm stereo.

Receive audio smartphone and give it to car stereo or Hifi systems

Riceve l'audio da smartphone e lo consegna a autoradio o HiFi

CONV 4DB2

BLUETOOTH CONVERTER & TRANSMITTER

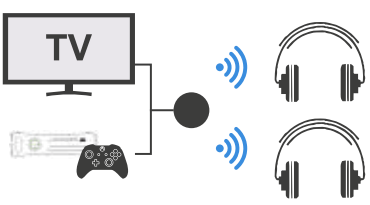

CONVERTITORE E TRASMETTITORE BLUETOOTH

€ 68,00

The ideal solution for TV or videogames. It is a small transmitter which can take an audio signal from an optical socket, jack 3,5 mm or coaxial digital socket. The signal will be transmitted contemporarily, via bluetooth, to 2 headphones. Ideal to listen to TV alone or with other people. It's powered through a common USB socket.

La soluzione ideale per TV o videogames. Si tratta di un piccolo trasmettitore in grado di prelevare un segnale audio da presa ottica, jack 3,5mm o presa coassiale per trasmetterla, tramite bluetooth, a 2 cuffie contemporaneamente. Ideale per ascoltare la TV da soli o in compagnia. E' alimentato tramite comune presa USB.

PERFECT FOR PS4 - XBOX

Transmit audio signal from TV o videogames to 2 headphone or soundbar

Trasmette l'audio da TV o videogame a 2 cuffie o soundbar

• Efficiency	70%
• Input	DC 5V-2000mA
• Standard	QI
• Temperature	0-45°
• Dimensions	95 x 95 x 150 mm
• Weight	0,1 Kg

Wireless charging base suitable for smartphones with QI technology. Thanks to this accessory you can charge your smartphone simply by placing it on the base, without connection cables. The internal circuit guarantees a fast charge with 1A output. The high quality components prevent overheating and allow the phone to be charged at a Distance of up to 5mm. The efficiency is over 70%. The unique design makes it pleasant in any environment.

Base di ricarica wireless adatto a smartphone con tecnologia QI. Grazie a questo accessorio potrete caricare il vostro smartphone semplicemente appoggiandolo senza alcun cavo connesso al telefono. Il circuito interno garantisce una carica rapida con uscita di 1A. I componenti di alta qualità evitano surriscaldamenti e permettono di caricare il telefono ad una distanza totale che arriva a 5mm. L'efficenza è di oltre il 70%. Il design unico lo rende gradevole in qualunque ambiente.

QI 76
WIRELESS CHARGER
CARICATORE WIRELESS

€ 13,50

FEATURES

• Distance	2 - 5 mm
• Efficiency	72%
• Input	DC 5V-1000mA
• Standard	QI
• Temperature	0-45°
• Dimensions	69 x 18 x 69 mm
• Weight	0,05 Kg

Designed to recharge smartphones and digital devices in general. It complies with QI standard and recharges the devices simply by placing them on the base itself. The package includes a USB cable that can supply 1A of power. The support surface has an anti-slip rubber ring to prevent the phone from moving due to the vibration produced when a call or message arrives.

Ideato per la ricarica di smartphones e apparecchi digitali in generale. Conforme allo standard QI ricarica gli apparecchi compatibili semplicemente appoggiandoli sulla base stessa. La confezione include il cavo USB che andrà collegata ad una presa in grado di fornire 1A di potenza. La superficie d'appoggio presenta un anello in gomma antiscivolo per evitare che il telefono si sposti a causa della vibrazione prodotta all'arrivo di una chiamata o di un messaggio.

QI 84
DESK WIRELESS CHARGER
CARICATORE WIRELESS DA INCASSO

€ 49,50

FEATURES

• Distance	6 mm max
• Efficiency	72%
• Input	DC 5V-2000mA
• Standard	QI
• Temperature	55°
• Dimensions	69 x 18 x 69 mm
• Weight	0,05 Kg

Designed for bars, airports, restaurants, stations, it can also be used at home or at office. It fits perfectly to standard 60mm desk holes. Once mounted it is pleasing to the eye (only 1 mm edge). Just place on it a smartphone compatible with Qi charging standard and it will automatically start charging without any cable. The base emits a musical note confirming successful contact.

Progettato per bar, aereoporti, ristoranti, stazioni, può essere anche semplicemente utilizzato in abitazione o in ufficio. Si adatta perfettamente ai fori standard da 60mm presenti nelle scrivanie. Una volta applicato, sporgerà solo di circa 1mm risultando gradevole alla vista. Sarà sufficiente appoggiarvi il proprio smartphone compatibile con lo standard di ricarica Qi per iniziare automaticamente la ricarica senza toccare alcun cavo.

CAR HEADREST TABLET HOLDER

SUPPORTO DA AUTO PER TABLET

€ 39,00

Car-headrest tablet holder for screens up to 10". Very practical, it can be easily mounted in few seconds. Its spring system allows to fix your tablet firmly and safely. This tablet holder can be positioned in any part of the bar and tilted as you wish to create the best viewing angle for both backseat passengers.

Supporto da auto per tablet con schermi fino a un massimo di 10". Straordinariamente comodo, si monta e smonta in pochi secondi. Grazie ad un sistema a molla, si fissa in pochi instanti ai poggiatesta dei sedili anteriori. Il porta tablet può essere posizionato in qualsiasi parte della barra e inclinato a piacimanto per una visione perfetta. Il tablet si fissa tramite un sistema a molla che garantisce un sostegno perfetto e in massima sicurezza. Ideale per la visione del tablet da entrambi i passeggeri posterori.

FT 100

CAR HEADREST TABLET HOLDER

SUPPORTO DA AUTO PER TABLET

€ 19,00

Car tablet holder fitting screens up to 10". Very practical, it can be mounted in few seconds, by attaching it to the metal bars of the front seat, allowing to the backseat passengers to enjoy videos or to use the tablet for any necessity.

Supporto da auto per tablet con schermi fino a un massimo di 10". Straordinariamente comodo, si monta e smonta in pochi secondi. Si fissa alle due barre metalliche del poggiatesta del sedile anteriore e permette al passeggero posteriore, di godersi video o comunque utilizzare il tablet dal sedile posteriore.

15 MT EXTENSION

PROLUNGA 15 MT

Designed to be used with amplified speakers, it allows to extend the cable with audio signal and power supply at the same time. In this way you will avoid intertwining cables and problems with electrical connections. Thanks to the practical retractor you can rewind the 15m cable in a few seconds. The Sockets on the reel are of tripolar CEE and XLR female type. The cable ends with a three-pole power connector and a male XLR plug.

Progettata per l'utilizzo in abbinamento a diffusori amplificati, permette di prolungare contemporaneamente il cavo con segnale audio e quello di alimentazione. In questo modo si eviteranno intrecci di cavi e problemi di connessioni elettriche. Il pratico riavvolgitore permette di recuperare in pochi secondi i 15mt di cavo di cui dispone. Le prese, poste sull'avvolgitore sono di tipo Tripolare CEE e XLR femmina. Il cavo termina invece con connettore di alimentazione tripolare e spina XLR maschio.

Optical Fiber cable

Fiber optic cables guarantee unequaled transmission quality. The signal in fact travels digitally at the speed of light without loss of quality.

I cavi a fibra ottica garantiscono una inegualiabile qualità di trasmissione. Il segnale viaggia infatti in digitale alla velocità della luce senza perdita di qualità.

Speaker Cables

The red-black audio cable is the most commonly used for connection of all kind of speakers. It is available in 5 different versions with conductor thickness from 0,5mm to 2mm.

La piattina rossonera è il cavo audio più comunemente utilizzato per la connessione di altoparlanti, trombe o speaker in generale. E' disponibile in 5 diverse varianti con spessore dei conduttori da 0,5mm a 2 mm.

Features

- PVC Speaker cable
- 100 mt length
- Black & Red cable
- from 0,5 to 2 mm section
- 4 pcs per carton

Model	Section	Wires	Diameter	Carton	Package
PRN 2050	2 x 0,5 mm	2 x 15 (0,2 mm)	2,1 x 4,2 mm	8 pcs	reel
PRN 2075	2 x 0,75 mm	2 x 22 (0,2 mm)	2,3 x 4,6 mm	8 pcs	reel
PRN 2001	2 x 1 mm	2 x 30 (0,2 mm)	2,5 x 5 mm	4 pcs	reel
PRN 2015	2 x 1,5 mm	2 x 28 (0,2 mm)	3 x 6 mm	4 pcs	reel
PRN 2020	2 x 2 mm	2 x 40 (0,2 mm)	3,4 x 6,8 mm	4 pcs	reel

The transparent cable with gold and silver wires is one of the most appreciated for connection of home audio speakers. Three models available with different thicknesses to meet any need.

Il cavo trasparente con fili color oro e argento è uno dei più apprezzati per il collegamento dei diffusori audio domestici. Tre varianti disponibili con altrettanti spessori per soddisfare qualunque esigenza.

Features

- PVC Speaker cable
- 100 mt lenght
- Transparent
- gold / sylver cables

PREZZI

I prezzi segnalati nelle pagine di questo catalogo sono da considerarsi "SUGGERITI AL PUBBLICO" e comunque puramente indicativi. Invitiamo i Rivenditori ad utilizzare il listino prezzi in vigore, scaricabile dal nostro sito internet www.karmaitaliana.it, nella propria area riservata.

KARMA ITALIANA Srl

Le informazioni sono aggiornate alla data di uscita del catalogo. Allo scopo di migliorare i propri prodotti, la Karma Italiana si riserva il diritto di apportare modifiche, anche di carattere tecnico, senza alcun preavviso. Tutti i nostri prodotti sono conformi alle normative vigenti della Comunità Economica Europea. Eventuali refusi di stampa non sono imputabili alla nostra responsabilità.

CONFORMITÀ DEI PRODOTTI

I prodotti importati nella comunità Europea dalla Karma Italiana risultano pienamente conformi alle normative CEE. I loghi riportati sui vari prodotti certificano che essi rispecchiano le seguenti normative:

PRICES

The prices reported in the pages of this catalogue are "SUGGESTED FOR RETAIL SALE" and in any case only indicative. We encourage dealers to use the current price list, downloadable from our website www.karmaitaliana.it in their private area.

KARMA ITALIANA Srl

The contents are updated at the release date of the catalogue. In order to improve its products, Karma Italiana reserves itself the right to make changes, also of technical kind, without advice. All our products comply with regulations of the European Economic Community. Mistakes are not to be attributed to our responsibility.

COMPLIANCE AND CERTIFICATION OF PRODUCTS

Products imported into the European community by Karma Italiana fully comply with EEC regulations. The logos printed on the various products itself certify that they reflect the following standards:
